

Experts Profile

The “Experts Profile” is the practical manual for everyday use. This reference book offers a lot of information concerning standards and innovations in cleanroom and pharmaceutical construction.

In addition to technical details, this bound book in portable format also contains detailed information on companies organized in the VIP3000 and their areas of activity. The Experts Profile is published every two years and updates you on the developments in cleanroom and pharmaceutical construction.

Please send me a copy of the “Experts Profile”.

I hereby order _____ copy/copies at a nominal fee of 25.00 € each (free shipping).

I am interested in membership. Please send me more information and a membership application.
